cplusplus.com Reference

The cplusplus.com Reference can be viewed in a terminal window using the *Elinks text www browser*. Elinks can be started in two ways in the computer exam system:

- Select **C++ Reference** from the desktop menu (background menu)
- Give command **cppreference** in a terminal window

Elinks Quick Reference

- Press numerical keyboard **Page up** or **Page down** to scroll (toggle **NumLock** if not working)
- Press **Enter** on an input field to edit
- Press **Enter** or **Right arrow** to follow a link
- Press **Left arrow** to go back to previous page
- Press **T** to open a link in a new tab (tabs are used to browse several things in parallel, and when more than one tab is open a *tab bar* is shown)
- Press < or > change to previous or next tab (in tab bar, if present)
- Press **C** to close a tab
- Press **ESC** to activate the menu
- Select "Keys" from the "Help" menu to see more shortcut commands

Keyboard keys are shown as **bold** above.

Note, The page for <functional> is still C++98, but new components in C++11 can be found in the left-hand-side menu, for example `bind`, `mem_fn`, `function`, `cref`. In Elinks this can be found by scrolling down until you find the heading <**functional**> (centered).
