Policy committee for 1999

Erik Sandewall, Linköping University, Sweden
Roger Wäppling[1], Uppsala University, Sweden
Luigia Aiello, University of Rome 'La Sapienza', Italy
Anthony Cohn, University of Leeds, United Kingdom
Vadim Stefanuk, IPPI, Russian Academy of Science, Moscow, Russia
Wolfgang Wahlster, DFKI, Germany

Area Editorial Committees

Concept Based Knowledge Representation

Area editor: Francesco Donini, University of Rome 'La Sapienza', Italy

Franz Baader, RWTH Aachen, Germany
Alex Borgida, Rutgers University, USA
Gerard Ellis, RMIT University, Australia
Ian Horrocks, University of Manchester, UK
Maurizio Lenzerini, University of Rome 'La Sapienza', Italy
Alon Levy, AT&T Laboratories, USA
Daniele Nardi, University of Rome 'La Sapienza', Italy
Lin Padgham, RMIT University, Australia
Marie-Christine Rousset, University of Paris-Sud, France
Rudolf Wille, TU Darmstadt, Germany

Decision and Reasoning under Uncertainty

Area editors: Salem Benferhat and Henri Prade,
Université Paul Sabatier, Toulouse, France

Fahiem Bacchus, Univ. of Waterloo, Canada
Bernadette Bouchon-Meunier, LIP6, Univ. of Paris VI, France
Ronen I. Brafman, Ben-Gurion University, Israel
Roger Cooke, Tech. Univ. Delft, The Netherlands
Marek J. Druzdzel, Univ. of Pittsburgh, USA
Didier Dubois, IRIT, Toulouse, France
Francesc Esteva, IIIA-CSIC, Bellaterra, Spain
Finn V. Jensen, Aalborg Univ., Denmark
Jurg Kohlas, Univ. of Fribourg, Switzerland
Rudolf Kruse, Univ. of Magdeburg, Germany
Serafin Moral, Univ. of Granada, Spain
Lech Polkowski, Warsaw Univ. of Technology, Poland
Prakash P. Shenoy, Univ. of Kansas, USA
Philippe Smets, IRIDIA, Free Univ. of Brussels, Belgium

(Continued on page iv)

[1]Nominated by the Royal Swedish Academy of Sciences.

Table of Contents

Giuseppe De Giacomo and Riccardo Rosati: *Minimal Knowledge Approach to Reasoning about Actions and Sensing.*
Refereed Article. 1-18

Fiora Pirri and Alberto Finzi: *An Approach to Perception in Theory of Actions: Part I.*
Refereed Article. 19-61

Eyal Amir: *Object-Oriented First-Order Logic.*
Refereed Article. 63-84

Area Editorial Committees, continued

Intelligent User Interfaces

Area editor: Elisabeth André, DFKI, Saarbrcken, Germany

Niels Ole Bernsen, Odense University, Denmark
Peter Brusilovsky, Carnegie-Mellon University, USA
Lynda Hardmann, CWI, The Netherlands
James Lester, North Carolina State University, USA
Joe Marks, MERL, USA
Chris Mellish, University of Edinburgh, UK
Ehud Reiter, University of Aberdeen, UK
Constantine Stephanidis, FORTH, Greece
Oliviero Stock, IRST, Italy
Annika Waern, SICS, Sweden

Planning and Scheduling

Area editor: Susanne Biundo, University of Ulm, Germany

Berthe Choueiry, Stanford University, USA
Brian Drabble, CIRL, University of Oregon, USA
Mark Drummond, Electric Time Software, USA
James Hendler, University of Maryland, USA
Joachim Hertzberg, GMD, St Augustin, Germany
Witold Łukaszewicz, Warsaw University, Poland
Sam Steel, University of Essex, United Kingdom
Sylvie Thiébaux, IRISA, Rennes, France
Paolo Traverso, IRST, Trento, Italy

Reasoning about Actions and Change

Area editor: Erik Sandewall, Linköping University, Sweden

Enrico Giunchiglia, University of Genoa, Italy
Andreas Herzig, Université Paul Sabatier, Toulouse, France
Vladimir Lifschitz, University of Texas, USA
Rob Miller, London University, United Kingdom
Leora Morgenstern, IBM Thomas J Watson Research Center, USA
Luís Moniz Pereira, New University of Lisbon, Portugal
Ray Reiter, University of Toronto, Canada
Murray Shanahan, Imperial College, United Kingdom
Michael Thielscher, Technical University of Dresden, Germany
