

FINDING A BETTER WAY

# Simulators and simulator usage (729A63) 16 September 2014

Björn Peters, VTI

# Today's agenda

- Questions from last meeting?
- Projects
  - Grouping? OK?
  - 1. Albin, Caroline and Ignacio (Katja)
  - 2. Veronica, Martin and Johan (Magnus)
  - Simulator description - later today (Swedish version, last year)
- Today's papers
  1. Sensory and perceptual factors in the design of simulation displays (Johan)
  2. Psychological fidelity: Perception of risk (Veronica)
  3. Simulator validity: behaviors observed on the simulator and on the road (Martin)
  4. Twelve Practical and useful questions about driving simulation (Caroline) - fel i utskick!

## Next class - futher work

- Driving as a cognitive task, if not today
- Etics
- New papers (suggestions):
  - Stoner Fisher & Mollenhauer: Simulator Sickness
  - Pollatsek Vlakveld Pradham Fisher: Simulator Based Driver Training
- Check-up project plans
- Next time - next week?
  - Wednesday after lunch of Friday?
